## Looking ahead: August is Membership and Extension Month

The success of Rotary depends on the commitment and hard work of its club members, and the same applies to Interact and Rotaract. August is Membership and Extension Month — a good time to remind ourselves that successful programs hold on to their participants and stay connected to alumni while seeking new and creative ways to grow.

Here are some questions Interactors and Rotaractors should ask themselves when reviewing their club's membership activities:

- How do you recruit new club members or program participants?
- Has your club developed a membership strategy or membership goals for this year?
- How can your club keep members engaged and motivated all year long? Do you reach your goals for meeting attendance? How can you ensure that members are participating and engaged in club activities and service projects?
- How do you select your club activities, service projects, or fundraisers? How could you get feedback from members on the types of meetings, activities, and projects they enjoy — and plan your schedule according to their interests?

Many [membership recruitment and retention resources](#) are available for Rotary clubs on the RI website, with tips you can tailor to your Interact or Rotaract club.

## Combating the spread of malaria

Every 45 seconds, a child dies from malaria. But with effective, low-cost tools, Rotary and the international
